## JUNE/JULY - NEWSLETTER

This year has demonstrated that dramatic events do happen now and again.

The changes and restrictions brought upon us by the Corona virus has affected us all to varying degree. I would like to thank all of you for the efforts that you have made to adapt to the new situation and in particular those of you who have been involved in teaching.

The move from the Kista campus has also been complicated by both the pandemic as well as by the negotiations with Stockholm University. Again, a sincere thank you to everyone involved in making the move as smooth as it has been. Madeleine and Sebastian have done a great job

It is my hope that things will eventually start to go get back to normal and that we will be able to take advantage of the new co-location possibilities at Albano. With the focus hopefully shifting away from Corona and the move, I would like to focus on other topics after the summer vacation. One such topic is recruitment. I have asked Carlota to head a recruitment task force that will be devoted to new faculty recruitment. The first task will be to find and nominated candidates for the KAW fellows program with internal deadlines in the beginning of the fall. If you know of potential candidates and in particular external candidates please get in contact with Carlota.

With that I wish you all a great summer and look forward to seeing you again in August.

Head of Department

## ADMINISTRATIVE SUPPORT DURING SUMMER

If you want to get in contact with the Physics administration, please use the below email addresses and not the personal KTH-addresses. All mailboxes will be checked regularly during summer and we will get back to you as soon as possible.
