

# Think outside the box

Do you want to participate in a research project, but you don't find what you are looking for in the list?

Do you want to simulate? Do you want to perform experiments?

Just talk to your KEX responsible, Ulrich Vogt (E-mail: [uvogt@kth.se](mailto:uvogt@kth.se)), and discuss with him the different options. It is usually possible to find a project that is not listed.
